

**DEPARTMENT OF MICROBIOLOGY  
DR. RAM MANOHAR LOHIA HOSPITAL, NEW DELHI.**

**CIRCULAR  
INTRODUCTION OF NEW TESTS**

**Date: 12/05/17**

This is to inform all concerned that the Department of Microbiology has introduced four new tests:

1. Serum Procalcitonin (based on Immunochromatography)
2. ANA Profile (based on Line immunoassay- includes 17 antigens)
3. Scrub typhus Antibody test ( Based on Immunochromatography)
4. Filarial Antigen test(Based on Immunochromatography)

Blood samples (3 ml) for the above mentioned tests may be sent in a plain vial to the Department of Microbiology along with relevant clinical details.

**Dr (Prof) Nandini Duggal  
HOD, Microbiology**
