

Dr. R.M.L Hospital College of Nursing

Dr. RML Hospital is one of the premier institutes under the Central Government Administration, situated at the heart of the city. The hospital is catering a large population and has all specialties for providing comprehensive health care services to general public. College of Nursing at RML hospital is also a pioneer institute as far as nursing education is concerned as the institute initiated a school of nursing in 1964. Later in response to high power committee recommendations and considering the increased public demand for graduate nurses: the school of nursing has been upgraded to college of nursing in 2008. Therefore, there is an increased preference among nursing aspirants to choose government institutions for undergoing graduate program and quality of training of government institutions are unparalleled.

Philosophy

- It focuses on the training of professional nurses to meet the challenges of health care delivery and inculcating the mental framework in students for continued personal & professional development.

Vision and Mission

- To meet the emerging health needs of society.
- To provide training for preparing nurses at basic and advanced levels & able to work in various health care settings & contribute to the preventive, promotive & restorative of health aspects.
- To prepare the student to develop as an individual.
- To assume responsibility for self-directed learning and professional growth.
- To strive to maintain excellence in nursing education.
- To equip the students to become effective professional nurses, as members of the health care teams
