

**CITIZEN'S CHARTER  
2014**

**DR.RAM MANOHAR LOHIA HOSPITAL  
NEW DELHI**

**MINISTRY OF HEALTH AND FAMILY WELFARE  
GOVERNMENT OF INDIA.**

## **PREFACE**

Dr. Ram Manohar Lohia Hospital (Formerly Willingdon Hospital) was established in the year 1932. This hospital was taken over by Central Government of India in the year 1954. This hospital started with 50 beds and during the past 60 years it has achieved an important position in the field of medical treatment. At present this hospital is 1420 bedded spread in an area of 30 acres and is one of the prestigious tertiary care hospitals of the country.

Because of continuous extension and strengthening of medical services, Central Government has felt the necessity of publication of Citizen Charter. The 1<sup>st</sup> Citizen Charter of our hospital was published in 1998 under the able guidance of the then Medical Superintendent Dr. C.P.Singh. The citizen charter is being reviewed periodically from time to time.

In this citizen charter various information regarding the functioning of hospital including various diagnostic and therapeutic facilities available has been incorporated so that public at large may be benefited.

I am thankful to all my colleagues specially Dr. A. K. Rai, Dr. Dheeraj Bahl, Dr. Rahul Minotra and other members of the e-governance team for their valuable contribution in bringing out this citizen's charter.

I hope all the classes of the society will be benefited with the valuable information incorporated in the citizen's charter.

# **DR. RAM MANOHAR LOHIA HOSPITAL NEW DELHI**

## **CITIZEN'S CHARTER**

This charter seeks to provide a framework which enables our users to know:

- Services available in this hospital
- The Quality of services they are entitled to
- The means through which complaints regarding denial or poor quality of service will be redressed.

### **STANDARDS OF SERVICE:**

- This is a Tertiary care Central Govt. Hospital with attached PGIMER
- It provides medical care to all patients who come to the hospital.
- Quality of services are influenced by patient's load and availability of limited resources, which are generally under continuous strain. Still best efforts are done to ensure that all our users receive courteous and prompt attention without any discrimination.

### **GENERAL INFORMATION:**

Against 1447 (As on 31.1.2019) beds for indoor patients, this hospital has 193 permanent doctors, 231 Junior Residents and 270 Senior Residents; Nurse strength is 986 which includes supervisory staff as well.

On an average 7000 patients attend the OPD per day and approximately 800 patients are admitted in Casualty and Emergency ward daily.

Doctors wear white apron and nurses are in their uniform. All staff member have been provided with identity cards.

Location guide map is displayed near Gate No. 6, emergency and main entrance of the old building of this hospital. Colour coded guidelines and directional sign boards are fixed at strategic points for guidance of patients and their relatives. During OPD hours enquiry counters exist in the OPD hall and nursing home. In OPD hall '**MAY I HELP YOU**' counter is also available.

A control room of this hospital functions round the clock located adjacent to casualty in trauma care building . The control room can also be accessed over Phone No. 23348200.

### **CASUALTY AND EMERGENCY SERVICES:**

**Time:** 24 hours daily.

Casualty Medical Officers and Resident doctors are available round the clock for 24 hours on all days. Duty doctor are available round the clock in major specialties viz. medicine, surgery, orthopedics and pediatrics under supervision of concerned head of departments.

Resident doctors in specialties like neurosurgery, anesthesia and radiology and dental surgery are also available round the clock to assist the duty doctors.

Specialists, in other specialties, are always available on call. The decision to call a specialist is that of the treating doctors.

Patients reporting to emergency and casualty departments are treated promptly. In serious cases, treatment/management gets priority over paper work like registration and medico legal requirements. The decision in this regard rests with the treating doctor.

Emergency operation theatre is maintained on a regular basis to ensure that it is available round the clock as and when required. With courtesy of M.T.N.L free telephone facility is available at the entrance of casualty ,in trauma care building for patients and their attendants.

### **TRAUMA CARE CENTRE:**

State of the art trauma centre is operational in the hospital to ensure better patient care for road accident and trauma victims.
